

Westbrook, Maine

Downtown Street Closure Update

PURPOSE & PROCESS

Daytime street work is required to address 20' deep underground utility work in unstable soils necessary for numerous downtown redevelopment projects

Safety first ALWAYS – for workers in the trench & pedestrian/vehicular movement downtown

Businesses will remain open & pedestrian flow will continue throughout construction

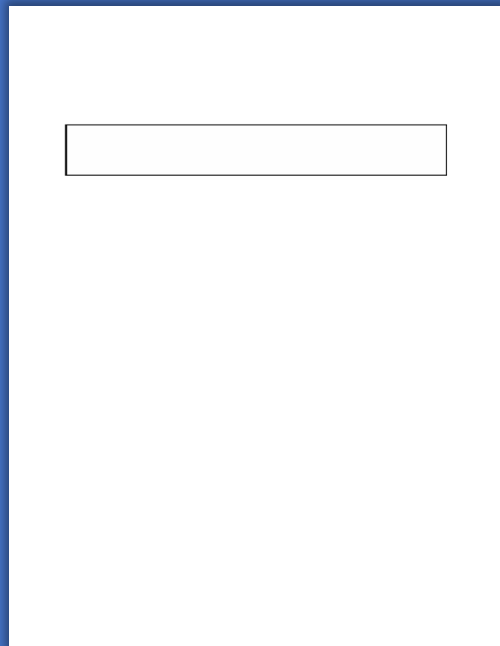

This is a significant downtown investment that replaces 100-year-old public infrastructure

Recommend earlier commute times

Modifications to METRO bus stops or routes will be announced as soon as they are known

Thank you for your patience during these important updates

PUBLIC OUTREACH CAMPAIGN

Website: www.seeingorangewestbrook.com

Economic Development & Discover Downtown
Westbrook will visit all downtown businesses

Thursday May 19th at 5:30pm – public presentation at
Westbrook Warren Congregational Church

Flyers on vehicles parked downtown

Social media, newspaper, tv & radio

Electronic message boards

For business owners, residents, and commuters, the easiest way in and around downtown Westbrook during this time is to think 1-2-3
