YOU'RE INVITED TO THE SECOND NEIGHBORHOOD MEETING FOR THE RIVERWALK NORTH PROJECT

For the past several years, the City has been working on ways to extend the existing Riverwalk and create a loop around the Presumpscot River. This connection will make it easier and safer for residents in the Brown Street neighborhoods to access downtown and enjoy expanded recreational opportunities.

Riverwalk North will extend from Bridge Street at the pedestrian bridge to Mentor Street. The loop continues along Brown Street across the Black Bridge, and reconnects with the trails at the Cornelia Warren Recreation Complex. In 2024, the City secured a \$4 million U.S. Environmental Protection Agency (EPA) Brownfields Cleanup Grant to support this redesigned and updated project, which limits financial burden on taxpayers.

JOIN THE CONVERSATION

A second neighborhood meeting will be held on Tuesday October 21 at 7 PM in the Westbrook Community Center (426 Bridge Street) Oak Room. This is part of public process for residents to share their ideas, ask questions, and get an overall picture of this project.

GENERAL TOPICS DISCUSSED AT FIRST MEETING

- Abutter privacy and safety
- Preservation of natural environment
- Incorporation with the larger area vision
- Excitement over expanded pedestrian connectivity and recreation opportunities

This project has been funded wholly or in part by the United States Environmental Protection Agency under assistance agreement (number) to (recipient).
